Project Description:

The European Commission (EC) has introduced a new financial instrument called “Instrument for Pre-accession Assistance” (IPA) for the candidate and potential candidate countries in 2006. The overall objectives of EOP are (a) to improve environmental protection, (b) to improve living standards for the population (c) to improve access to drinking water, wastewater treatment and integrated solid waste services (d) to strengthen capacity and governance.

The specific objectives of this technical assistance is to ensure tender procedures’ compliance with PRAG tendering procedures and FIDIC contract conditions and other established rules of the Decentralised Implementation System (DIS) in Turkey as well as their technical soundness.

Scope of Services:

- Technical Review of Design and Procurement Files,
- Participation in Tender Evaluation as Observer,
- Appraisal of Environmental Investment Project Applications
- Monitoring of Environmental Investment Projects
