

WASTEWATER

REVISION OF FEASIBILITY STUDY AND IPA APPLICATION FORM FOR KUTAHYA WASTEWATER TREATMENT PLANT

Place

Kutahya

Client

Kutahya Municipality

Date

08/2013 – 11/2013

Financing

Kutahya Municipality

Project Description:

In 2012, a feasibility study and IPA application form were prepared to apply European Commission to finance a new wastewater treatment plant for Kutahya from IPA funds. However, in appraisal stage, EC requested some major modifications in the scope and capacity of Project and in the scope of this Project, these major revisions have been carried out.

Scope of services:

- Option analysis for treatment processes,
- Process calculations and preliminary design of selected treatment option,
- Cost estimations,
- Financial and economic analysis including CBA,
- Preparation of IPA application form.
